# CORPORATION OF THE TOWN OF AYLMER CONSOLIDATED FINANCIAL REPORT DECEMBER 31, 2011

### **INDEPENDENT AUDITOR'S REPORT**

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the Town of Aylmer

I have audited the accompanying consolidated financial statements of the Corporation of the Town of Aylmer, which comprise the consolidated statement of financial position as at December 31, 2011 and the consolidated statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these consolidated financial statements based on my audit. I conducted my audit in accordance with Canadian generally accepted audit standards. Those standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

**Opinion** 

In my opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Corporation of the Town of Aylmer as at December 31, 2011 and its financial performance and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian generally accepted accounting principles for municipalities as prescribed by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

The Corporation of the Town of Aylmer is a municipality in the Province of Ontario, Canada. It conducts its operations guided by the provisions of provincial statutes such as the Municipal Act, Municipal Affairs Act and related legislation.

### 1. Significant Accounting Policies

The consolidated financial statements of the Corporation of the Town of Aylmer are prepared by management in accordance with generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants.

The focus of PSAB financial statements is on the financial position of the Town and changes thereto. The Statement of Financial Position reports financial assets and liabilities. Financial assets are available to provide resources to discharge existing liabilities or finance future operations. Net financial assets represent the financial position of the Town and is the difference between financial assets and liabilities. This information explains the Town's overall future revenue requirements and its ability to finance activities and meet its obligations.

Significant aspects of the accounting policies adopted by the Town are as follows:

### (a) Reporting Entity

These consolidated statements reflect the tangible capital assets, liabilities, revenues, expenditures and accumulated surpluses of the reporting entity. The reporting entity includes the activities of all local boards, joint local boards, municipal enterprises and committees of Council including the following:

Aylmer Business Improvement Area

**Aylmer Police Services** 

East Elgin Community Complex (Town's portion only - 50%)

East Elgin Community Complex Fundraising Campaign (Town's portion only - 50%)

East Elgin Medical Facility (Town's portion only - 44%)

ERTH Corporation (modified equity method)

Aylmer Area Secondary Water System (note 11)

All interfund assets and liabilities and revenues and expenditures have been eliminated

### 1. Significant Accounting Policies continued

### (a) Reporting entity

The following are local boards, joint local boards, municipal enterprises and utilities which are not consolidated:

Elgin Area Primary Water Board (note 11)

### (b) Accrual Accounting

The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

### (c) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The costs, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

Buildings	30-50 years
Land improvements	15-80 years
Fleet	4-25 years
Equipment	7-45 years
Infrastructure - water	60-100 years
Infrastructure - sewer	60-100 years
Infrastructure - transportation	40-60 years
Infrastructure - storm sewers	80 years
Bridges and other structures	50-80 years

Amortization is charged for a half year in the year of acquisition and in the year of disposal.

The Town has a capitalization threshold of \$ 10,000 so that individual assets of lesser value are expensed unless they are pooled because collectively they have a significant value. Tangible capital assets are recorded based on the reporting entity as described in note 1 a).

### (d) Leases

Leases are classified as capital or operating leases. Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as capital leases. All other leases are accounted for as operating leases and the related lease payments are charged to expense as incurred.

### 1. Significant Accounting Policies continued

### (e) Government Transfers

Government grants and transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

### (f) Deferred Revenue

Grants, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenditures are incurred, services performed, or the tangible capital assets are acquired.

### (g) Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues an expenditures during the period. Actual results could differ from these estimates.

### (h) Employee Benefit Plans

The costs of retirement benefits are actuarially determined using the projected benefit method prorated on services and management's best estimate of retirement ages of employees and salary escalation.

### (i) Financial Instruments

Financial instruments of the Town consist mainly of cash, accounts and taxes receivable. The carrying values of these financial assets approximate their fair values unless otherwise disclosed.

### (j) Short-term investments

Short-term investments are recorded at cost which approximates market value.

### 2. Tax Revenues

Property tax billings are prepared by the Town based on an assessment roll prepared by the Ontario Property Assessment Corporation. All assessed property values in the Town were reviewed and new values established based on a common valuation date which was used by the the Town in computing the 2011 property tax bills. Property tax revenue and tax receivables are subject to appeals which may not have been heard yet. Any supplementary billing adjustments made necessary by the determination of such appeals will be recognized in the fiscal year they are determined and the effect shared with the County of Elgin and the appropriate school boards.

### 3. Loan Receivable

The Town entrered into a loan arrangement for \$2,263,500 with ERTH Corporation on September 1, 2000 as a result of the restructuring of the former Aylmer Public Utilities Commission under Bill 35. The loan is receivable from ERTH Corporation with no specific terms of repayment, bearing interest at a rate of 7.25% commencing January 1, 2003. In 2011, \$164,104 interest was received on this loan. The loan is convertible to Class B shares of ERTH Corporation.

### 4. Operations of School Boards and the County of Elgin

Further too note 2, the Town's share of taxation revenues of the school boards and County of Elgin are comprised of the following:

	School <u>Boards</u>	County
Taxation and user charges	\$ <u>1,822,697</u>	\$ <u>3,046,302</u>
Requisitions	\$ <u>1,822,697</u>	\$_3,046,302

### 5. Investment in ERTH Corporation

As at December 31, 2011, the Town of Aylmer owns 18.7% (2010 - 18.7%) of ERTH Corporation. As a business enterprise of the Town of Aylmer it is accounted for on a Modified Equity basis in these financial statements. The Corporation is the electricity distribution utility for the Town's residents. The following table provides condensed supplementary financial information for the Corporation for the year ended December 31 from their audited financial statements:

	2011	2010
Financial Position Total net assets	\$ <u>12,158,606</u>	\$ <u>12,157,698</u>

ERTH Corporation declared a dividend of \$ 750,000 in 2011 (2010 - \$ NIL) of which the Town of Aylmer received \$ 140,250 (18.7%) (2010 - \$ NIL).

### 6. Pension Agreements

The Town makes contributions to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of members of its staff. The plan is a defined benefit plan which specifies the amount of the retirement benefit to be received by the employees based on the length of services and rates of pay.

The amount contributed to OMERS for the Town and Police Services Board employees for 2011 was \$ 231,146 (2010 - \$ 205,980) for current service and is included as an expenditure on the Consolidated Statement of Operations.

### 7. Employee Post-Retirement Benefit Liability

Employee post-retirement benefits represents the Town's share of the cost to provide employees with extended benefits on retirement. This liability will require funding in future periods. The accrued benefit obligation and the net periodic benefit cost were determined by an actuarial valuation updated in 2010 in accordance with the financial reporting guideline of PSAB 3250 established by the Public Sector Accounting Board of the CICA.

	2011		2010
Post employment benefits - Town - Police Services	\$ 104,507 640,761	\$ _	97,750 609,949

Healthcare and travel cost increase	4.00% - 6.67%		

### 8. <u>Deferred Revenue - Obligatory Reserve Funds</u>

A requirement of the public sector accounting principles of the Canadian Institute of Chartered Accountants, is that obligatory reserve funds be reported as deferred revenue. This requirement is in place as provincial legislation restricts how these funds may be used and under certain circumstances these funds may possibly be refunded. The balances in the obligatory reserve funds of the Town are summarized as follows:

	2011	2010
Parkland Building Code Gas tax Development charges	\$ 4,523 1,357 367,772 399,830 \$ 773,482	\$ 4,494 1,348 149,952 397,238 \$ 553,032

### 11. Contractual Obligations

### (a) Elgin Area Primary Water Supply System

In accordance with a transfer order from the Ministry of the Environment, the Elgin Area Primary Water Supply System is operated by an outside party. The Town is obligated to meet its share of the operating costs and deficits, and repay its share of the long-term liabilities related to these projects. The Town's share (7.7%) is based on its water consumption relative to that of other participating municipalities and the costs associated with this consumption are reflected in the Consolidated Statement of Operations..

The charges relating to operating costs and debt servicing are recovered through the water rates levied by the Town of Aylmer.

Information received from the City of London as at December 31, 2011 indicates the Town of Aylmer's share is as follows:

Accumulated Cong-term

Surplus Liabilities

406,497

**Primary Water Supply System** 

\$<u>2,877,387</u> \$\_\_\_

The accumulated surplus and long-term liabilities indicated above are not reflected in the accompanying consolidated financial statements as the Town does not have controlling interest in the System.

### (b) Aylmer Area Secondary Water System

In accordance with a transfer order with the Ministry of the Environment, the Aylmer Area Secondary Water System is operated by an outside party. The Town is obligated to meet its share of the operating costs and deficits related to these projects. The Town's share (96%) is based on its water consumption relative to that of other participating municipalities.

The charges relating to operating costs are recovered through the water rates levied by the Town of Aylmer. The cost of the water purchases are reflected in these financial statements.

The Town's share of the tangible capital assets are included on Schedule 1 and the accumulated surplus.

### 12. Public Sector salary disclosure

There were five employees of the Police Services Board of the Town of Aylmer paid a salary, as defined in the Public Sector Disclosure Act, 1996 of \$100,000 or more.

### 13. Segmented Information

Segmented information is presented on Schedule 2. The Town of Aylmer is a diversified municipality and provides a wide range of services to its citizens including police, fire, transportation and community services, including recreation and planning. The general government segment includes such functions as finance, council and administrative offices.

### 14. Subsequent Event

Subsequent to year end, the Town sold the property known as East Elgin Medical Facility.
