

South Street Reconstruction

Construction Notice

To Whom It May Concern,

The Town of Aylmer will soon be starting a road reconstruction project on your street. This letter provides details about the project and important information on how construction may impact you.

Project Details:

Location: South Street East & Victoria Street South

Schedule: Tentative Start Date – May 4, 2026
Anticipated Completion – September 25th, 2026

Scope: Road reconstruction, including replacement of sewers and watermain.

Contractor: PV-EX Construction Ltd.

Impacts During Construction:

Traffic: To facilitate a safe work environment and a compressed schedule, South Street will be closed but accessible to local traffic only. Detour routes will be in place. There will be times during the project when driveway access will be limited or restricted and advance notice of this will be provided when possible. If driveway access is restricted, please park your vehicle on the nearest side street.

OPERATIONS DEPARTMENT

46 Talbot St. W
Aylmer, Ontario, N5H 1J7
t. (519) 773-3164

Vibration: Construction equipment can cause vibrations. Please ensure you protect any valuables susceptible to damage.

Private Sprinkler Systems, Landscaping or Fencing: The Town would ask that all items on Town property be removed in advance of construction. The Town is not responsible for damage to items located on Town property.

Garbage/Recycling Collection: Access for garbage/recycling collection will be maintained when possible. In the event there is a disruption, the Town will coordinate with the Contractor to pick up your garbage (where you usually leave it) and move it to a pickup location. Please mark your municipal address on all your containers so they can be returned.

Sod: The contractor will water new sod following placement. It would be helpful if property owners also watered the sod during this time. After the 60-day sod warranty period watering becomes your responsibility as it was prior to construction.

Safety: Stay safe and avoid the work area during construction. Maintain a safe distance from construction vehicles entering and leaving the site.

Further construction updates and detailed information about the project are available on the Town website at:

<https://aylmer.ca/town-hall/planning-and-development/aylmer-construction-projects/>

Contact Information:

If you have any questions about this project, please contact the Town's Project Manager.
